We invite you to share in the adventures nature and animals provide...to horseback ride with the cattle, to fly fish the Little Snake River, to hike Medicine Bow National Forest, to enjoy our cattle ranch. Adults and children are welcomed, together or separate.

We offer you a true ranch experience with western hospitality. Focus Ranch has remained a traditional cattle ranch since homesteaded in the 1890's and family owned since the 1900's. The ranch straddles the Colorado & Wyoming borders...we eat and sleep in Colorado and ride in Wyoming!
